5.0 CONDITIONS OF USE

The National Evaluation Service Committee finds that the Southwest Research Institute, Department of Fire Technology, meets the requirements for recognition as a compliance assurance and/or inspection agency for products noted in Section 3. DESCRIPTION of this report provided the products labeled or listed by Southwest Research Institute are specifically evaluated in a current NES, BOCA ES, ICBO ES or SBCCI PST & ESI evaluation report.

This report is subject to re-examination on a periodic basis. For information on the current status of this report, contact one of the participating members of the NES.

This report is limited to the specific product and data and test reports submitted by the applicant in its application requesting this report. No independent tests were performed by the National Evaluation Service, Inc. (NES), and NES specifically does not make any warranty, either expressed or implied, as to any finding or other matter in this report or as to any product covered by this report. This disclaimer includes, but is not limited to, merchantability. This report is also subject to the limitation listed herein.
